### DIMENZIJE IN TIPI / DIMENSIONS AND TYPES:

**PG-50**

**PG-100**

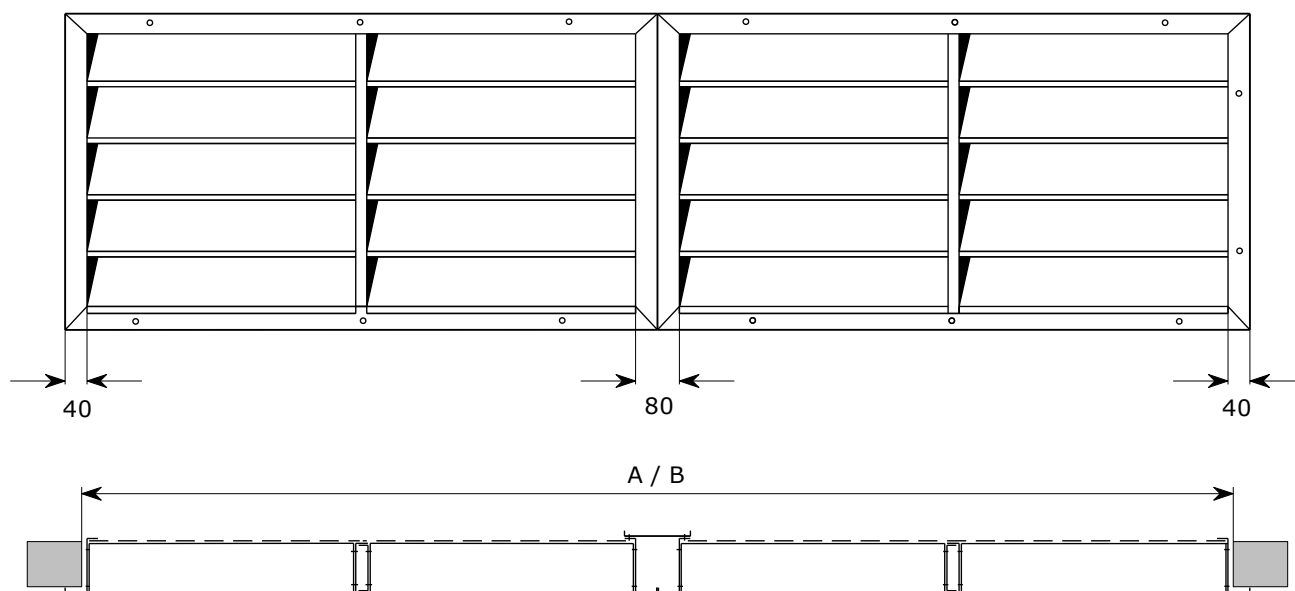

Dimenziji A in B sta poljubni. /Dimensions A and B are optional.

**VGRADNJA VEČJIH REŠETK:**

Rešetke PG-100 do širine A=2000mm in višine B=2400mm ter PG-50 do širine A=2000mm in višine B=1500mm se izdelujejo v enem kosu. Rešetke večjih dimenzij (PG-100 nad širino 1200 in PG-50 nad širino 1000), ki se še lahko transportirajo v enem kosu, imajo vgrajene prečne ojačitve. Rešetke, ki so prevelike za transport v enem kosu pa se izdelujejo iz več delov in se sestavijo na objektu.

**MONTAGE OF LARGE GRILLS:**

Grilles PG-100 up to width A=2000mm and height B=2400mm and grilles PG-50 up to width A=2000mm and height B=1500mm are manufactured in one piece. Grilles of larger dimensions (PG-100 over width 1200 in PG-50 over width 1000), which may still be transported in one piece, have built transverse reinforcements. Grilles that are too large to transport in one piece are made of several parts and are assembled on site.
